

**UNDERTAKING**

**Undertaking**

TO PROVIDE LEVEL 1 AND MINIMUM LEVEL TEST YEAR SPENDING FOR DATA COLLECTION, ENGINEERING AND TECHNICAL STUDIES AREAS ACCORDING TO TABLE 1, EXHIBIT C1, TAB 2, SCHEDULE 3, PAGE 2

**Response**

In answering this undertaking it was determined that Mr. Gee was incorrect in his exchange with Mr. Buonaguro shown on page 27 line 28 to page 29 line 18 in Transcript Volume 6, December 15, 2009.

The spending level recommended by planning staff at the outset of the prioritization process was Level 2. As part of the planning process' consideration of resource and other constraints, the spending level proposed for this program and included in this Application was reduced to Level 1, and not Level 2 as Mr. Gee had indicated in his testimony.

The spending levels considered for this program are provided below:

Spending Level	2010 (\$M)	2011 (\$M)
Minimum	3.6	3.7
Level 1 <b>(requested in this Application)</b>	6.8	6.9
Level 2	8.3	8.5
