Dear Ms. Walli:

Board File No. EB-2009-0271
Oakville Hydro Electricity Distribution Inc. – 2010 Cost of Service Application

Energy Probe wishes to correct the dates included in two of its Clarification Questions submitted to the Board and to Oakville Hydro on December 11, 2009. Oakville Hydro was kind enough to point out that those requests did not appear to be correct as submitted.

The first correction is on Clarification Question # 5 (a). The reference to January 2008 should be January 2002. Question # 5 (a) then reads as follows:

- a) Please provide the regression statistics and Gwh forecasts that result from the selected version 5 of the regression equation using historical data starting in January 2002 and extending it to the latest actual data available in 2009.**

The second correction is on Clarification Question # 6 (f). The reference to January 2009 should be January 2002. Question # 6 (f) then reads as follows:

- f) Please rerun the equation estimated in (e) above and shorten the period to use data beginning in January 2002 and remove the volumes associated with customers A, B, C, D and E and provide the information requested in Energy Probe Interrogatory # 9.**
