Dear Ms. DeMarco:

**Re: Natural Gas Storage Allocation Policies
NGEIR Implementation-Notice of Proceeding
Enbridge Gas Distribution Inc. and Union Gas Limited
Board File No. EB-2007-0724 and EB-2007-0725
Request for Intervenor Status and Cost Award Eligibility**

The Board confirms Innophos Canada, Inc. as an intervenor in the above noted proceedings, subject to Enbridge Gas Distribution Inc.'s and Union Gas Limited's right of reply to your request within 10 days of the mailing of this letter.

Innophos has claimed eligibility for an award of costs. Under the Board's Practice Direction on Cost Awards, parties representing the interests of consumers are eligible for costs. Innophos represents its own interests, not the interests of consumers generally. Further, Innophos has not identified any special circumstances that would warrant an exception to the Board's practice of not awarding costs to individual customers. The Board therefore finds Innophos ineligible for an award of costs. If special circumstances arise during the course of the proceeding, which Innophos believes warrant a reconsideration of the Board's finding, Innophos would be free to bring the issue to the Board for consideration. The Practice Direction and related forms are available on the Board's Web site at www.oeb.gov.on.ca.
