Dear Ms. Walli:

Re: Norfolk Power Distribution Inc. – Application for 2010 Electricity Distribution Rates EB-2009-0238

Norfolk Power Distribution Inc. ("NPDI") is pleased to submit to the Ontario Energy Board (the "Board") its Interrogatory Responses for its 2010 IRM3 rate application.

Due to a number of changes since its original application, NPDI is also submitting revised versions of the OEB IRM rate models. These changes have been detailed in the attached Updated Manager's Summary. Also included in this summary is an updated tariff sheet generated by the Rate Generator model and a copy of the bill impacts created by the same.

All parties granted Intervenor status are being sent this information at this time.

Two hard copies of the models and the updated manager's summary are being sent to your office.

Yours truly,

Brad Randall, P.Eng.
