Dear Ms. Walli:

**Re: Interrogatory Responses, 2010 Electricity Distribution Rate Application
Board File No.: EB-2009-0140**

Further to the Board's Procedural Order No. 1 dated November 23rd 2009, Veridian Connections Inc. ("Veridian") hereby submits its responses to interrogatories received from Board Staff, the Consumers Council of Canada, Energy Probe, the School Energy Coalition and the Vulnerable Energy Consumers Coalition. Two paper copies and one electronic version in searchable / unrestricted PDF format are enclosed.

Under separate cover, Veridian is also filing an update to its 2010 Distribution Rate Application. The Application Update provides detailed information on the Ajax Building Expansion project referenced in the original application, and corrects for errors discovered in the process of developing interrogatory responses. Where applicable, Veridian's interrogatory responses have been prepared to address the revised capital and OM&A expenditures detailed in the Application Update. Interrogatories addressed on this basis are been identified by way of a note incorporated into the response.

Yours truly,
