**Attention: Ms. Kirsten Walli, Board Secretary**

Dear Ms. Walli:

**Re: Combined PILs Proceeding, EB-2008-0381**

On December 15, 2008, *ENWIN* Utilities Ltd. filed evidence regarding Account 1562 in relation to the above noted proceeding. On December 18, 2009, the Board issued Procedural Order No. 7 and invited *ENWIN* and the other applicants to resubmit evidence to correct any errors. By letter dated December 22, 2009 the Board granted *ENWIN* a one week extension to file its revised evidence.

As detailed and supported in the enclosed revised evidence, *ENWIN* has identified and made 6 types of corrections to its evidence. For convenience, they are summarized below:

1. The PILs proxy in the RUD Model did not always match the amount in the associated Decision. *ENWIN's* evidence is now based on the Decisions.
2. *ENWIN* received a Board Decision in March 2004. The Decision had an earlier effective date, which is now reflected in *ENWIN's* evidence.
3. A typographical input error was corrected.
4. *ENWIN* corrected its methodology to allocate and calculate PILs collected from customers. *ENWIN's* evidence is now based on allocations and calculations using customer counts, kWh and kW.
5. *ENWIN's* Large Use – FA rate class had not been included in certain calculations. *ENWIN's* evidence now includes that rate class in the calculations.
6. The carrying charges were updated to reflect the corrections above.

Yours very truly,

**ENWIN Utilities Ltd.**
