

EB-2009-0364

IN THE MATTER OF the *Ontario Energy Board Act*,
1998, S.O. 1998, c. 15, Schedule B;

AND IN THE MATTER OF an application under
section 60 of the *Ontario Energy Board Act*, 1998 by
Universal Energy Corporation to renew Universal
Energy Corporation's Gas Marketer Licence GM-
2004-0537

By delegation, before: Jennifer Lea

INTERIM ORDER

Universal Energy Corporation filed an application on October 9, 2009 with the Ontario Energy Board to renew its gas marketer licence GM-2004-0537. The Board assigned the application file number EB-2009-0364. Additional information to complete the application was filed on October 30, 2009. A letter of direction and notice of application was issued on November 18, 2009. On December 18, 2009, the Board issued a procedural order making provision for the filing of interrogatories and responses.

The licence that is the subject of the renewal application was issued to the applicant on February 3, 2005 and remains in force until February 2, 2010. The licence provides that the term may be extended by the Board.

Because the current licence will expire prior to final determination of the renewal application, and because the applicant needs to be licensed to continue to provide gas marketer services to its existing customers in Ontario, the applicant has requested that the term of licence GM-2004-0537 be extended until the Board makes a final decision with respect to the renewal application.

Considering the time required to process an application in accordance with the Board's procedure in this case, and considering the applicant's need for a licence to continue providing gas marketer services in Ontario, I find that it is in the public interest to make an order extending the term of licence GM-2004-0537 until such time as the renewal application is determined or April 9, 2010, whichever is earlier.

IT IS THEREFORE ORDERED THAT:

The term of the gas marketer licence GM-2004-0537 is extended until the final determination of the renewal application or April 9, 2010, whichever is earlier.

DATED at Toronto, January 19, 2010

ONTARIO ENERGY BOARD
