Re: Utility Specific Smart Meter Adder**

Please find enclosed PUC Distribution Inc's. amendment to the 2010 3<sup>rd</sup> Generation Rate Application that was filed with the Board October 21, 2009. PUC is seeking to amend the original application in which a continuance of the standard \$1.00 smart meter funding adder was applied for and is requesting a utility specific smart meter adder of \$1.68 per metered customer per month with a proposed implementation date of May 1, 2010 which is concurrent with the implementation of the distribution rate changes. The amendment including this cover letter and the Smart Meter Rate Calculation Model filed as *Appendix A* have been electronically filed through the Board's web portal and a copy emailed to the Board Secretary.
