Dear Ms. Walli

This is a follow up to my initial request to receive all the information that HONI is required to supply landowners under the OEB Decision and Order, Access to Land Application by Hydro One Networks Inc., EB-2007-0051, Dated August 20, 2007. At the time of my first request HONI did not supply me with all the information that the OEB decision required to provide and at the time they had not completed all the studies.

APPENDIX A
to
Decision and Order
In The Matter Of
Access to Land Application by Hydro One Networks Inc.
EB-2007-0051
Dated August 20, 2007

CONDITIONS OF APPROVAL

- 4.5 Hydro One shall keep records of the personnel attending and entering on lands, the time in which entry occurred and the locations entered.
- 4.6 Upon request, Hydro One shall provide a landowner with the results of the information collected as a result of conducting the Permitted Activities on the landowner's property (such as legal surveys and property appraisal information and the information described in 4.5 above) and biological information subject to applicable disclosure guidelines of the Ministry of Natural Resources or other agencies (e.g., with respect to species-at-risk protection). In the event biological information cannot be disclosed to a landowner, Hydro One will disclose that fact and provide to the landowner the rationale for such non-disclosure.

I would appreciate if the Ontario Energy Board notify Hydro One Network Inc. to fully comply with the Board's order. Please indicate to HONI that any correspondence with myself is to be in writing. HONI is also to notify me of any other persons or organizations that copies of the correspondence are also sent to.

Yours truly
