**Re: Hydro One Networks Inc.
Bruce to Milton -Leave to Construct – Update to Evidence
Board File No. EB-2007-0050**

Hydro One Networks Inc., in a letter to the Board dated October 23, 2007, has indicated that it intends to file updated evidence in regard to various aspects of its application. The Board has also received requests from five intervenors (the Ross Firm, Power Line Connections, Fallis Fallis & McMillan, Pollution Probe, and Mr. Pappas) seeking a delay in the filing of interrogatories.

In light of Hydro One's intention to file updated evidence, the Board has determined that the schedule contained in Procedural Order No. 3 is no longer appropriate. Accordingly, the October 30, 2007 deadline for the filing of interrogatories is cancelled. The Board will determine a new timetable for the proceeding after receiving Hydro One's updated evidence.

Yours truly,
