**Re: Hydro One Networks Inc.
Bruce to Milton -Leave to Construct Transmission Project
Issues Day – February 21, 2008
Board File No. EB-2007-0050**

The Board has received submissions from several parties regarding proposed new issues to the Issues List in the section 92 (leave to construct) proceeding. The Board will therefore be sitting on Thursday, February 21, 2008 to hear these submissions and any response from Hydro One. The hearing will commence at 9:30 a.m.

The Board has also received requests from several parties that the hearing schedule be altered. Hydro One has responded to these requests, which has in turn engendered responses from the parties that originally requested the alterations to the schedule. The Board considers it appropriate to hear submissions on this issue orally, and will do so after hearing submissions on the Issues List on February 21.

Yours truly,

Original Signed By

John Pickernell
Assistant Board Secretary
