

EB-2007-0780

IN THE MATTER OF the *Ontario Energy Board Act*,
1998, S.O. 1998, c. 15, Schedule B;

AND IN THE MATTER OF an application by Niagara
West Transformation Corporation for the renewal of
electricity transmission licence ET-2004-0218.

By delegation, before: Jennifer Lea

INTERIM ORDER

Niagara West Transformation Corporation filed an application on September 25, 2007 with the Ontario Energy Board under section 60 of the *Ontario Energy Board Act*, 1998 for the renewal of its electricity transmission licence ET-2004-0218. The existing licence is valid until September 29, 2007.

The applicant requires a licence to own and operate a transmission system consisting of a transformer station connected to Hydro One Networks Inc. transmission lines to supply electricity to the service areas of Peninsula West Utilities Limited and Grimsby Power Incorporated.

Because the current licence will expire prior to the completion of the application for the renewal, the applicant has requested that the term of licence ET-2004-0218 be extended until the final determination of the renewal application.

I find it to be in the public interest to make an interim order extending the term of electricity transmission licence ET-2004-0218.

IT IS THEREFORE ORDERED THAT:

The term of electricity transmission licence ET-2004-0218 is extended until March 28, 2008, or the final determination of the renewal application, whichever is earlier.

DATED at Toronto, September 28, 2007

ONTARIO ENERGY BOARD
