Dear Ms. Walli:

**Re: Leave to Construct Bruce-Milton Transmission Reinforcement Project
OEB File EB-2007-0050**

We are counsel for Bruce Power and are seeking leave to intervene in the above noted proceeding. Bruce Power was not served with the Notice of Application and, as a result, it may be that this letter may be outside of the 10 day notice period. If so, Bruce Power seeks leave to file a late intervention on the grounds that the delay has not prejudiced any party.

Bruce Power operates the Bruce Power Facility in Kincardine Township, which is connected to the existing and proposed transmission lines addressed in this application.

Bruce Power intends to be an active participant in this proceeding. It will not be seeking an award of costs.

All notices with respect to this proceeding, and copies of all evidence, should be delivered to the following:
