Dear Kirsten Walli:

Re. information received from your office yesterday (May 2/07), I am adding information about my property and request as outlined in my first letter.

I own 75 acres of pasture, ponds and hardwood plus cedar woodlots. Your original line passes over one pond, pine and cedar growths, plus some open grass areas. Your second line will effect mature cedar trees and again decrease the value of this natural habitat for wildlife which we treasure.

I request oral intervenor status regarding my concerns of my property. This supercedes requests in my first letter about your project - EB-2007-0050 Hydro One Network's Section 92 Bruce to Milton Transmission Reinforcement Application

Prop. lot # 49
Concession 3, south
of Durham Rd. (S.D.R.)

Sincerely,
Donald A. Corbett,

Dear Kirsten Walli, (Sec.)

Re. "Invitation to
Hydro One Networks' Section 98 Early Access
Application re: Bruce to Milton Transmission
Reinforcement project - Application"

As an owner of affected property I
wish to be a participant by receiving all
information regarding proceedings and how it
will personally affect my property and
compensation required. My property already
has an easement and two towers which
certainly has been a great detriment and
inconvenience to us.

Board file # EB-2007-0050.

Property lot # 49, Cons 3 S.D.R.

Sincerely

Donald A Corbett
