ONTARIO ENERGY BOARD

STAFF SUBMISSION

Applications for Recovery of Amounts Related to
Conservation and Demand Management

Enersource Hydro Mississauga Inc.
Board File Number EB-2009-0400

February 4, 2010

BOARD STAFF SUBMISSION

Enersource Hydro Mississauga Inc. ("Enersource") has filed an application with the Ontario Energy Board, (the "Board") dated November 18, 2009 under the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, Schedule B for an order granting approval and recovery of amounts related to new and ongoing Conservation and Demand Management ("CDM") activities in 2007 and 2008 associated with the Lost Revenue Adjustment Mechanism ("LRAM").

On December 8, 2009 the Board issued a Notice of Application which was served and published as directed by the Board. Direct Energy and the Vulnerable Energy Consumers Coalition requested and were approved to be intervenors in this proceeding.

In Procedural Order No. 1 the Board made provision for written interrogatories to be filed by January 20, 2010. Board staff was the only party to file interrogatories. On January 22, 2010 Enersource filed its responses to Board staff interrogatories.

Board staff submits that the applicant's evidence filed in this application supports the request for recovery of amounts related to LRAM. No outstanding issues have been identified. Based on our review of the pre-filed evidence and the response to interrogatories, Board staff supports the approval of Enersource's application.

All of which is respectfully submitted
