Dear Sir:

Further to me letter of May 4 concerning the Bruce-Milton Transmission Reinforcement Project I would like to make clear that the Ontario Federation of Agriculture is seeking intervener status for the purposes of presenting the interests and concerns of OFA members affected by the proposed transmission line expansion.

My previous letter outlined several concerns of the Ontario Federation of Agriculture, on behalf of its farm family members. We trust these issues will be appropriately addressed at a hearing on the construction of the new line.

Sincerely,

Neil Currie  
General Manager
