Attn: Kirsten Walli
Board Secretary

With regards to the Halton Hills Refinement Area File
EB-2007-0050, we request observer status in the proceedings
of the possible change over involving Conc.5, Lot 22 Town
of Halton Hills.

We would like to comment on the possible change over as not
being a favourable situation for us and that we wish to
actively participate in how the above property will be accessed
by Hydro One.

We look forward to any correspondance.

Regards
