Dear Ms. Walli:

**Re: PILs Combined Proceeding, Motion to determine the accuracy of the final
account balances with respect to account 1562 Deferred PILs
OEB File EB-2008-0381**

We are counsel for the Coalition of Large Distributors (the “CLD”), which is seeking leave to intervene in the above noted proceeding.

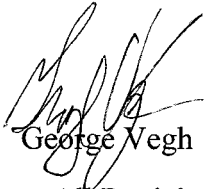

The CLD is comprised of six of Ontario’s largest Local Distribution Companies, namely Enersource Hydro Mississauga, Horizon Utilities, Hydro Ottawa Limited., PowerStream Inc. Toronto Hydro Electric System and Veridian Connections Inc. The CLD is intervening to address Issue 10 in the Issues List, which the Board added to this proceeding on February 9, 2010. This issue addresses how the Board will be considering “the continued collection of the 2001 PILs amount in rates”. The inclusion of 2001 PILs amount in distribution rates was approved by the Board in rate orders issued for CLD members. The CLD is intervening so that it can preserve the legal rights of its members with respect to those orders.

The CLD intends to be an active participant in these proceedings on Issue 10, and its participation will be confined to that issue. The CLD will conform to the existing schedule for the proceeding, and will not be seeking an award of costs. The CLD believes its participation with respect to issue 10 will not prejudice any other party to the proceeding nor result in any undue effect on the proceeding.

All notices with respect to this proceeding, and copies of all evidence, should be delivered to the following:
