Re: EB-2007-0050/EB -2007-0051

Dear Kirsten Walli: *2008/5*

We received the packages in regards to the proposed construction of transmission lines from Kincardine to Milton. This impacts on our farm property and we have some concerns about the project and how it will impact on our property, our farming practice and the environment.

We wish to be kept informed as to the developments of the project and therefore are requesting observer status.

Yours truly,

Mark and Barbara Watt
