Attention: Ms. Kirsten Walli, Board Secretary

Dear Ms. Walli:

**Re: EB-2007-0050 – Hydro One Networks Inc., (“Hydro One”) Bruce to Milton
Transmission Reinforcement Project**

We are in receipt of correspondence from Mr. Pappas dated March 14, 2008 that requests permission to file additional interrogatories beyond the time limits prescribed in Procedural Order No. 5.

Hydro One's priorities are focused on ensuring the timely completion of the significant number of Interrogatories that have been filed in compliance with the timelines in Procedural Order No. 5 and also preparing for the remaining steps in the process. As Hydro One understands Mr. Pappas' letter, the enclosed documents concern topics that may be presented as intervener evidence and the Interrogatories concern questions that may be asked during the cross-examination phase of the hearing. Although Hydro One will endeavour to respond to Mr. Pappas' questions in advance of the hearing, if time does not so permit we believe these matters can be pursued during cross examination.

Yours very truly,

For: Gordon M. Nettleton
