Dear Ms. Walli:

**EB-2009-0425 – Hydro One Networks' Section 92 – Toronto Midtown Transmission
Reinforcement Project – Deadline Extension Request**

Hydro One notes the letter from Mr. Mierins and Ms. Lowry on behalf of the North Rosedale Ratepayers Association, seeking a 3 week extension to the deadline for submission of interrogatories.

Most of the concerns expressed in the letter appear to be related to construction and its impacts, which HONI believes can be addressed through the Environmental Study Report review process. Nonetheless, Hydro One does not object to an extension of the deadline but suggests that 1 week to 10 days should suffice, in order to ensure that project remains on schedule. Hydro One also notes that its staff have been communicating with Mr. Mierins over the past week in an effort to arrange a meeting and expect to confirm a meeting with him early this week to discuss his concerns.

Sincerely,
