**Attention: Ms. Kirsten Walli, Board Secretary**

Dear Ms. Walli:

**Re: 2010 IRM Rate Application – Submissions  
EB-2009-0221**

In the Board's Decision of March 31, 2010 in the above noted matter, the Board invited *ENWIN* to raise any concerns to the Board's attention within 7 calendar days. *ENWIN* is a day past that deadline and requests that the Board consider these issues in any event. *ENWIN* apologizes for any inconvenience due to this delay.

The Tariffs indicate the LRAM and SSM Rate Rider ending April 30, 2010, but *ENWIN's* 2009 Rate Order (in EB-2008-0227) provided for these Rate Riders to continue until April 30, 2011. *ENWIN* requests that, where the LRAM and SSM Rate Riders are applicable, the indicated ending date be amended to match the Order in EB-2008-0227.

Also, the Board's Decision in this proceeding appeared to rule against applying the Tax Change Rate Rider. Some of the Tariffs nevertheless include the Rate Riders. *ENWIN* requests that, if the Tax Change Rate Riders are not applicable, the Tariffs be amended to match the Decision.

Finally, the Board's Rate Model appears to calculate each Rate Riders for Unmetered Scattered Load, Sentinel Lighting and Street Lighting rate classes on a "per connection" basis. This is consistent with *ENWIN's* application and previously approved Board policy for Rate Riders applicable to these rate classes. *ENWIN* requests that the billing determinants for Rate Riders for these particular classes be amended as applicable to state "per connection" and the billing determinant be displayed as "\$".

Yours very truly,

***ENWIN* Utilities Ltd.**
