Dear Ms. Walli:

**Re: Hydro One Networks, Inc. (“Hydro One”) Application for Authority to Expropriate Interest in Certain Lands for the Purpose of Constructing and Operating the Bruce to Milton Transmission Reinforcement Project (EB-2010-0023)**

I am writing to you on behalf of Hydro One in respect of the above-referenced matter. Hydro One is in receipt of Mr. Robert Caputo’s email dated Tuesday, April 6, 2010. Mr. Caputo’s email inquired about why “1136291 Ontario Inc. c.o.b. as Cedar Crest Trout Farm” was included on the list of parties requesting intervenor status provided by Mr. Peter Fallis, but does not appear in Hydro One’s pre-filed evidence.

Hydro One has reviewed its records and reviewed the registered owners on title (PIN 37213-0106, and Hydro One File No. “WG30” on page 9 of Appendix 3 of Hydro One’s pre-filed evidence). The registered owners on title are “James Taylor, David James Taylor, and Lynette Taylor.” Hydro One understands that Cedar Crest Trout Farm is operated by the Taylors at the title location. However, neither 1136291 Ontario Inc. nor Cedar Crest Trout Farm are registered on title. Accordingly, Hydro One’s pre-filed evidence as filed is accurate in respect of the above property interest.

While we trust that this has resolved your concern, please do not hesitate to contact the undersigned with any further questions.

Yours very truly,

*Kara Turner*
