☒ Yes
☐ No

The recipient is not a licensed distributor. While section 57 of the OEB Act (“the Act”) requires a distributor to hold a licence, section 4.0.1(1)(b) of Ontario Regulation 161/99 provides an exemption to section 57 of the Act for a distribution system owned or operated by the distributor that is entirely located on land owned or leased by the distributor. As such, since the assets to be sold are entirely on land owned by the recipient, Parkbridge Lifestyle Communities Inc. doing business as Dee Jay Camp Ltd. The assets currently serve a Hydro One customer.

- 2.6 Please identify which utility’s customers will be served by the assets after the transaction and into the foreseeable future.

The assets will continue to serve the same Hydro One customer. After the sale, the assets will be owned by the customer instead of the utility, but Hydro One will continue to supply electricity to this customer.

3.3 Would the proposed transfer impact any other parties (e.g. joint users of poles) including any agreements with third parties?

 - (b) the proposed recipient's written consent to dispose of the application without a hearing.
- (a) The line serving the park terminates at the customer's site. The transfer of ownership will have no effect on any other customers connected to the feeder. There will be no changes in the operation of the feeder, therefore no change in service to other customers or persons.**

Re: Dee Jay Camp Ltd

It is our understanding that approval is required by the Ontario Energy Board (OEB) for the sale of assets by Hydro One. Dee Jay Camp Ltd fully supports Hydro One's actions with the Board to obtain approval of this minor transaction without a hearing.

We would like to expedite this process as ownership of the assets enables us to complete work on the campground.

Furthermore, no other party would be affected by this sale. Therefore, we would appreciate an approval of this transaction as soon as possible.

Thank-you for your assistance in this matter.
