(EB-2008-0346) - Review of Demand Side Management (DSM) Framework  
for Natural Gas Distributors**

**Requests for Cost Eligibility**

---

By letter dated March 19, 2010, the Board invited written comment on two consultants' reports and provided details of a stakeholder meeting on the reports.

Appendix A ("Appendix A") to the letter of March 19, 2010 allowed for any person not identified as eligible for an award of costs in either of the Decisions on Cost Eligibility in EB-2008-0150 or EB-2008-0346, respectively, but who wanted to request eligibility for an award of costs in this consultation to file with the Board a written submission to that effect.

The Board has received requests for cost eligibility from the Ontario Sustainable Energy Association (OSEA) and Toronto and Region Conservation Authority (TRCA).

The Board grants OSEA's and TRCA's requests for cost eligibility for the activities specified in Appendix A.

As stated in Appendix A, if a natural gas distributor has any objections to any of the requests for cost eligibility, such objections must be filed with the Board Secretary by April 22, 2010.

Yours truly,
