### VIA E-MAIL

April 15, 2010

Mr. John Pickernell  
Assistant Board Secretary  
Ontario Energy Board  
2300 Yonge Street  
PO Box 2319, 27<sup>th</sup> Floor  
Toronto, ON  
M4P 1E4

Dear Mr. Pickernell:

**Re: Kruger Energy Inc. ;  
Application for an Electricity Generation Licence and  
Application for an Interim Electricity Generation Licence  
Board File No.: EB-2010-0151**

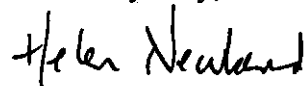

We are writing on behalf of Kruger Energy Inc. ("KEI") in respect of the above-noted applications. We acknowledge, with thanks, your letter of April 8, 2010 in respect of these applications. The Ontario Energy Board is correct that Kruger Energy Port Alma Limited Partnership ("KEPA") is the licensed owner and operator of the Port Alma Windfarm pursuant to Electricity Generation Licence EG-2008-0027. Notwithstanding this fact, however, the actual day-to-day operator of the Port Alma Windfarm is KEI and not KEPA.

We are enclosing a copy of a letter from KEPA to the Ontario Energy Board, of today's date, requesting that its Electricity Generation Licence (EG-2008-0027) be amended to reflect the fact that while KEPA continues to own the Port Alma Windfarm, it is not the current operator of this facility and should not be licensed as such. In its letter, KEPA also acknowledges and supports KEI's application to be licensed as the operator of both the Port Alma Windfarm and the Kruger Energy Chatham ("KEC") Windfarm.

In light of the above and given the impending financing of the KEC Windfarm, KEI requests that the Board issue an interim Electricity Generation Licence, to KEI, authorizing it as the operator

of both the Port Alma Windfarm and the Kruger Energy Chatham Windfarm. Given the anticipated date of financial close, we respectfully request that such an interim authorization be issued by and be effective as of April 16, 2010.

Yours very truly,

HTN/ko

Encl.

Dear Mr. Pickernell:

**Re: Kruger Energy Port Alma Limited Partnership;**  
**Request for Amendment of Electricity Generation Licence EG-2008-0027**

We are writing on behalf of Kruger Energy Port Alma Limited Partnership ("KEPA") to request that the Ontario Energy Board amend Electricity Generation Licence EG-2008-0027, effective April 16, 2010, to reflect the fact that while KEPA continues to own the Port Alma Windfarm, it is not the operator of this facility and, accordingly, should not be licensed as such.

KEPA understands that Kruger Energy Inc. ("KEI"), the current operator of the Port Alma Windfarm, has applied for both a final and an interim Electricity Generation Licence to reflect the current state of affairs. KEPA supports KEI's applications for the requisite authorizations and urges the Board to issue an interim Generation Licence to KEI effective as of the effective date of the amendment to EG-2008-0027 requested herein.

Yours very truly,

*Helen Newland*
