Dear Mr. Richmond:

EB-2007-0050 – Hydro One Networks' Section 92 Bruce - Milton Transmission Reinforcement Application – Notice of the Commencement of Construction

Pursuant to Condition 2.3 of the Decision with Reasons for the Bruce to Milton project, which requires that 10 days notice be provided prior to the start of construction, I am writing to advise that Hydro One intends to begin major construction of the project on or about May 1, 2010 on lands where it has the authority to do so. This will not include the lands within the jurisdiction of the Niagara Escarpment Commission, where Hydro One's development permit approval is still under appeal, or properties that remain the subject of Hydro One's expropriation application (EB-2010-0023).

Sincerely,
