THE ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act*, 1998, S.O. 1998, c. 15, (Schedule B);

AND IN THE MATTER OF Assessments issued by the Ontario Energy Board pursuant to section 26.1 of the Ontario Energy Board Act and Ontario Regulation 66/10;

AND IN THE MATTER OF Rule 42 of the Rules of Practice and Procedure of the Ontario Energy Board.

AMENDED NOTICE OF MOTION

The Consumers Council of Canada ("CCC") and Aubrey LeBlanc ("LeBlanc") will make a motion to the Ontario Energy Board ("the Board") at its offices at 2300 Yonge Street, Toronto, on July 6, 2010.

THE MOTION IS FOR:

1. An Order cancelling the Assessment issued by the Board under section 26.1 of the *Ontario Energy Board Act*, 1998 (the "OEB Act") for Ministry of Energy and Infrastructure Conservation and Renewable Energy Program Costs.
2. A determination of whether the Board has the jurisdiction to issue an Assessment to Licensed Electricity Distributors ("LDCs"), for payment to the Ministry of Finance, pursuant to unconstitutional legislation.
3. A determination of whether the Board has the jurisdiction to issue an Assessment prescribing the formula by which the amount of the Assessment may be recovered by LDCs from their consumers, pursuant to unconstitutional legislation.

4. An Order cancelling the authorization of Account 1521, Special Purpose Charge Assessment Variance Account (the "Variance Account"), which authorization was made pursuant to section 8 of Ontario Regulation 66/10.
5. A determination of whether the Board has the jurisdiction to authorize the creation of the Variance Account without an Order having been issued under section 78 of the OEB Act.
6. A determination of whether the Board has the jurisdiction to authorize the Variance Account pursuant to unconstitutional legislation.
7. In the alternative, an Order pursuant to section 32 of the OEB Act stating a case in writing for the opinion of the Divisional Court as to whether section 26.1 of the OEB Act is constitutionally valid.
8. Such further and other relief as the CCC and LeBlanc may request and the Board may grant.

THE GROUNDS FOR THE MOTION ARE:

(a) Background

1. The Board is governed by the OEB Act.
2. Section 1 of the OEB Act sets out the Board's objectives with respect to electricity. The OEB Act provides that the Board shall be guided by these objectives in carrying out its responsibilities. According to section 1, the Board's first objective is: "to protect the interests of consumers with respect to prices and the adequacy, reliability and quality of electricity service".
3. On April 9, 2010, the Board issued "Special Purpose Charge" Assessments (the "Assessment") under Section 26.1 of the OEB Act to LDCs.
4. Each Assessment was accompanied by, among other things, an invoice setting out the amount that each LDC was being assessed for the Special Purpose Charge. Payment of the Assessment is to be made to the Ministry of Finance by 30 July 2010.

5. Also included with the Assessment were instructions related to the recovery of the assessed amount from the LDCs' consumers, which includes LeBlanc.

6. On April 23, 2010, the Board wrote to the LDCs advising that it had authorized the Variance Account. The Board explained that Ontario Regulation 66/10 contemplates that each LDC will record in a variance account any differences between: (a) the amount remitted to the Minister of Finance for the LDCs' Assessment; and (b) the amounts recovered from consumers on account of the Assessment (the "Variance Amounts"). The Board also provided instructions for recording the Variance Amounts in the Variance Account.

7. In its letter of April 23, 2010, the Board advised the LDCs that in accordance with section 8 of Ontario Regulation 66/10, the LDCs were required to apply to the Board no later than April 15, 2012 for an order authorizing [the LDC] to clear any debit or credit balance in "Sub-account 2010 SPC Variance".

8. The Board further advised that it expected that requests for disposition of the balance in the Variance Account would be addressed as part of the proceedings to set rates for the 2012 rate year, except in cases where this approach would result in non-compliance with the timeline set out in section 8 of Ontario Regulation 66/10.

(b) Section 26.1 of the OEB Act is unconstitutional and the Assessment and the authorization of the Variance Account are invalid

9. The Assessment was authorized by Section 26.1(1) of the OEB Act and by Ontario Regulation 66/10, which is made pursuant to the OEB Act. The Variance Account was authorized by the Board pursuant to section 8 of Ontario Regulation 66/10.

10. Section 26.1(2) of the OEB Act authorizes the LDCs, in turn, to collect the amounts so assessed from the consumers to whom they distribute electricity, including LeBlanc.

11. Ontario Regulation 66/10 sets out the formula that is the basis for the recovery of the amounts assessed from the consumers to whom the LDCs distribute electricity.

12. Section 26.1(6) of the OEB Act provides that, if a person fails to pay an Assessment, the Board may, without a hearing, order the person to pay the Assessment.

13. Section 26.1 of the OEB Act establishes an unconstitutional indirect tax:

- (a) The Assessment is indirect in nature, because it effectively requires consumers to pay for the Special Purpose Charge by allowing LDCs to recover the costs of the Assessment from their consumers; and
- (b) The Assessment constitutes an indirect tax, as opposed to a regulatory charge, and therefore falls outside of the constitutional competence of the provincial Legislature, pursuant to Section 92(2) of the *Constitution Act, 1867*, which limits provincial legislatures to direct taxation.

14. Any step taken pursuant to Section 26.1 of the OEB Act is, therefore, invalid. That includes the issuance of the Assessment by the Board, and the authorization for the creation of the Variance Account.

15. In issuing the Assessment and authorizing the Variance Account pursuant to a section of the OEB Act that is not constitutionally valid, the Board failed to be guided by its first statutorily mandated objective, namely the protection of the interests of consumers.

(c) The Board authorized the creation of the Variance Account in breach of section 78 of the OEB Act

16. Section 78 of the OEB Act provides that "no transmitter shall charge for the transmission of electricity *except in accordance with an order of the Board*, which is not bound by the terms of any contract" (emphasis added).

17. The amount that may be collected by the LDCs from their consumers to recover the amount of the Assessment is a rate, despite the assertion to the contrary contained in the Board's letter of April 9, 2010.

18. Indeed, in its letter dated April 23, 2010, the Board advised the LDCs that the disposition of the Variance Amounts would be dealt with in the course of the rate proceedings for the 2012 rate year.

19. The Board authorized the Variance Account *without* an order having previously been made under section 78 of the OEB Act and, in doing so, exceeded its jurisdiction.

(d) Other grounds

20. Section 19 of the OEB Act grants the Board authority to hear and determine all questions of law and fact in all matters within its jurisdiction.

21. The Board also has the authority to review the issuance of the Assessment and to cancel it.

22. In the alternative, the Board has the authority, pursuant to Section 32 of the OEB Act, to state a case in writing for the opinion of the Divisional Court on any question that is a question of law within the jurisdiction of the Board. The constitutional validity of Section 26.1 of the OEB Act is a question of law within the jurisdiction of the Board.

23. Sections 19 and 32 of the OEB Act.

24. The Board's *Rules of Practice and Procedure*.

The following Documentary Evidence will be used at the hearing of the motion.

1. The Affidavit of Tiffany Tsun, sworn the 26th day of April, 2010.
2. The Affidavit of Aubrey LeBlanc sworn the 27th day of May, 2010.
3. Such further and other documents as counsel may advise and the Board may permit.

THE ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act*, 1998, S.O. 1998, c. 15, (Schedule B);

AND IN THE MATTER OF Assessments issued by the Ontario Energy Board pursuant to section 26.1 of the Ontario Energy Board Act and Ontario Regulation 66/10;

AND IN THE MATTER OF Rule 42 of the Rules of Practice and Procedure of the Ontario Energy Board.

AFFIDAVIT OF TIFFANY TSUN

I, **TIFFANY TSUN**, of the City of Toronto, in the Province of Ontario, MAKE OATH AND SAY AS FOLLOWS:

1. I am an articling student employed by WeirFoulds LLP, counsel to the Consumers Council of Canada ("CCC"), and as such have knowledge of the matters herein deposed.

The CCC

2. The CCC is a non-profit, public interest entity which represents the interests of residential consumers, in dealings with federal and provincial governments, and before federal and provincial boards and tribunals, in a number of economic sectors.

3. The CCC has, for many years, represented the interests of residential consumers with respect to energy matters in Ontario. Included in those activities are the following:

- (a) Appearing in numerous rate proceedings, before the Ontario Energy Board ("Board"), in applications by Licensed Electricity Distributors ("LDCs"), Hydro One Networks Inc., and Ontario Power Generation Inc., as well as in applications by the natural gas distribution companies;
- (b) Appearing in numerous policy-making proceedings before the Board, for both the electricity and natural gas sectors;

- (c) Making submissions to legislative committees on proposed changes to laws governing the energy sector;
- (d) Participating in advisory committees, dealing with consumer matters, of Hydro One Networks Inc., the Independent Electricity System Operator, the Ontario Power Authority, as well as the natural gas distribution companies.

Statutory Background

4. Section 26.1 of the *Ontario Energy Board Act, 1998* (the "OEB Act") requires the Board to assess LDCs with respect to "the expenses incurred and expenditures made by the Ministry of Energy and Infrastructure in respect of its energy conservation programs or renewable energy programs".

5. Section 26.1(2) of the OEB Act authorizes LDCs to collect amounts assessed under Section 26.1(1) from consumers or classes of consumers as prescribed by regulation and in the manner prescribed by regulation.

6. Section 26.1(6) of the OEB Act provides that, if a person fails to pay an Assessment, the Board may, without a hearing, order the person to pay the Assessment.

7. Section 26.2 of the OEB Act sets out the "special purposes" for which amounts collected under Section 26.1 relating to assessments are paid to Ontario. They are:

1. To fund conservation or renewable energy programs aimed at decreasing the consumption of two or more of the following fuels:
 - i. natural gas,
 - ii. electricity,
 - iii. propane,
 - iv. oil,
 - v. coal, and
 - vi. wood.
2. To fund conservation or renewable energy programs aimed at causing consumers of fuel to change from one or more of the fuels listed in paragraph 1 to any other fuel or fuels listed in that paragraph.

3. To fund conservation or renewable energy programs aimed at decreasing peak electricity demand, while increasing or decreasing the consumption of another type of fuel.
4. To fund research and development or other engineering or scientific activities aimed at furthering the conservation or the efficient use of fuels.
5. To fund conservation or renewable energy programs aimed at a specific geographical, social, income or other sector of Ontario.
6. To reimburse the Province for expenditures it incurs for any of the above purposes.

8. Section 7 of Ontario Regulation 66/10, passed pursuant to Section 26.1 of the OEB Act, sets out the formula for the determination of the amounts to be assessed from each LDC and the formula by which each LDC can recover the amounts assessed from the consumers from whom it distributes electricity.

9. Section 8 of Ontario Regulation 66/10, passed pursuant to Section 26.1 of the OEB Act, sets out the process by which LDCs shall apply to the Board for an order authorizing the LDC in question to clear the credit or debit balance in any variance account authorized by the Board to track the difference between the amounts remitted by the LDC pursuant to the Assessment and the amounts recovered by the LDC pursuant to section 7 of Ontario Regulation 66/10.

10. Section 78 of the OEB Act provides that "no transmitter shall charge for the transmission of electricity except in accordance with an order of the Board, which is not bound by the terms of any contract".

The Assessment

11. By letter dated April 9, 2010, the Board issued an assessment to LDCs, pursuant to Section 26.1 of the OEB Act (the "Assessment"). Attached to the Board's letter was an invoice setting out the amount the LDC receiving the letter was being assessed for the Special Purpose Charge ("SPC"). A copy of the Board's letter of April 9, 2010, is attached to this affidavit as **Exhibit "A"**.

12. In its letter, the Board explained that the Assessment was made pursuant to Sections 26.1 and 26.2 of the OEB Act, as well as Ontario Regulation 66/10. The Board also

went on to provide instructions relating to the recovery of the assessed amount from the LDCs' consumers, as reproduced below:

Recovery of your SPC Assessment

Section 26.1 of the Act and the SPC Regulation authorize each licensed electricity distributor to recover the amount of its SPC assessment from its customers, other than embedded licensed distributors, based on the volume of electricity distributed to the customer. Recovery is to be done using the formula set out in section 7 of the SPC Regulation. In accordance with section 9 of the SPC Regulation, recovery is to be spread over a one-year period, starting from the date on which you begin billing to recover your assessment. The amount that may be collected to recover the SPC assessment is not a rate, and it may be collected under the authority of the Act and the SPC Regulation. No rate order is required, and none will be issued.

The Variance Account

13. On April 23, 2010, the Board wrote to the LDCs advising that it had authorized Account 1521, Special Purpose Charge Assessment Variance Account (the "Variance Account"). A copy of the Board's letter of April 23, 2010, is attached to this affidavit as **Exhibit "B"**.

14. The Board explained that Ontario Regulation 66/10 contemplates that each LDC will record in a variance account any differences between: (a) the amount remitted to the Minister of Finance for the LDCs' Assessment; and (b) the amounts recovered from consumers on account of the Assessment (the "Variance Amounts"). The Board also provided instructions for recording the Variance Amounts in the Variance Account.

15. The Board advised the LDCs that in accordance with section 8 of Ontario Regulation 66/10, the LDCs were required to apply to the Board no later than April 15, 2012 for an order authorizing [the LDC] to clear any debit or credit balance in "Sub-account 2010 SPC Variance".

16. The Board further advised that it expected that requests for disposition of the balance in the Variance Account would be addressed as part of the proceedings to set rates for

the 2012 rate year, except in cases where this approach would result in non-compliance with the timeline set out in section 8 of Ontario Regulation 66/10.

17. I make this affidavit in support of a Motion by the Consumers Council of Canada.

RE: "Special Purpose Charge" Assessment under Section 26.1 of the *Ontario Energy Board Act, 1998* for Ministry of Energy and Infrastructure Conservation and Renewable Energy Program Costs

Sections 26.1 and 26.2 of the *Ontario Energy Board Act, 1998* (the "Act") make provision for a special purpose charge (the "SPC") to enable the recovery of the expenses incurred and the expenditures made by the Ministry of Energy and Infrastructure in respect of its energy conservation programs or renewable energy programs.

Sections 26.1 and 26.2 of the Act, added by the *Green Energy and Green Economy Act, 2009*, have now been proclaimed into force. Two regulations have also now been made under the Act in relation to the assessment, payment, recovery and billing of the SPC: (a) Ontario Regulation 66/10 (Assessments for Ministry of Energy and Infrastructure Conservation and Renewable Energy Program Costs) (the "SPC Regulation"); and (b) Ontario Regulation 67/10, which amends Ontario Regulation 275/04 (Information on Invoices to Low-Volume Consumers of Electricity) (the "Simplified Bill Regulation"). Copies of these two regulations are attached.

The invoice attached to this letter sets out the amount that you are being assessed for the SPC. Instructions relating to payment of the assessment to the Ministry of Finance and to recovery of the assessed amount from customers are set out below.

Amount and Payment of your SPC Assessment

The Board is responsible for apportioning the total amount of the SPC among licensed electricity distributors and the IESO in accordance with the rules set out in the SPC Regulation. For this purpose, the Board has calculated a quotient ("Q") using the formula set out in section 5 of the SPC Regulation. "Q" has been calculated as **\$0.0003725**. The Board has determined your assessment for the SPC using this value and volumetric information, as also required by the SPC Regulation. The amount of your assessment and payment instructions are shown on the attached invoice.

Recovery of your SPC Assessment

Section 26.1 of the Act and the SPC Regulation authorize each licensed electricity distributor to recover the amount of its SPC assessment from its customers, other than embedded licensed distributors, based on the volume of electricity distributed to the customer. Recovery is to be done using the formula set out in section 7 of the SPC Regulation. In accordance with section 9 of the SPC Regulation, recovery is to be spread over a one-year period, starting from the date on which you begin billing to recover your assessment. The amount that may be collected to recover the SPC assessment is not a rate, and it may be collected under the authority of the Act and the SPC Regulation. No rate order is required, and none will be issued.

Presentation on the Bill

Subsection 4(2) of the Simplified Bill Regulation referred to above has been amended to require that amounts being collected for the SPC be included as part of the "regulatory charges," and therefore included within the total amount shown on the "Regulatory Charges" line of the bill. Subsection 10(1) of the Simplified Bill Regulation has also been amended to revise the "Regulatory Charges" portion of the "Glossary of Terms" that is required to be included on or with the bill. The Simplified Bill Regulation applies only to bills issued to low-volume electricity consumers. For consistency, distributors should, but are not required, to do the same in respect of bills issued to other customers.

Variances

Section 8 of the SPC Regulation contemplates that each licensed electricity distributor will record in a variance account any differences between: (a) the amount remitted to the Minister of Finance for the distributor's SPC assessment; and (b) the amounts recovered from customers for that assessment. The Board will be creating an account for this purpose, and will provide further information in the near future.

Any questions regarding the attached invoice, other than in relation to payment, should be directed to the Market Operations Hotline at 416-440-7604 or by e-mail at market.operations@oeb.gov.on.ca. The Board's toll free number is 1-888-632-6273.

Any questions regarding payment should be directed to the Non-Tax Revenue Branch Contact Centre for the Ministry of Finance at 1-877-535-0554 or by fax at 416-326-5177.

RE: Variance Account for "Special Purpose Charge" Assessment under Section 26.1 of the *Ontario Energy Board Act, 1998* for Ministry of Energy and Infrastructure Conservation and Renewable Energy Program Costs

Under cover of a letter dated April 9, 2010, the Board issued your invoice setting out the amount that you are being assessed on account of the special purpose charge (the "SPC") referred to in sections 26.1 and 26.2 of the *Ontario Energy Board Act, 1998* (the "Act").

As indicated in the Board's letter, section 8 of Ontario Regulation 66/10 (Assessments for Ministry of Energy and Infrastructure Conservation and Renewable Energy Program Costs) (the "SPC Regulation") contemplates that each licensed electricity distributor will record in a variance account any differences between: (a) the amount remitted to the Minister of Finance for the distributor's SPC assessment; and (b) the amounts recovered from customers on account of the assessment.

For that purpose, the Board has now authorized Account 1521, Special Purpose Charge Assessment Variance Account. Any difference between the amount remitted to the Minister of Finance for your SPC assessment and the amount that you recover from customers must be recorded in "Sub-account 2010 SPC Assessment Variance" of Account 1521. Account 5681, Special Purpose Charge Expense, should be used to record the amount of your SPC assessment, and Account 4324, Special Purpose Charge Recovery, should be used to record amounts collected from customers on account of that assessment.

Carrying charges shall apply to the monthly opening debit or credit balances in "Sub-account 2010 SPC Assessment Variance" and shall be recorded in "Sub-account 2010 SPC Assessment Carrying Charges" of Account 1521. Any carrying charges shall be calculated using simple interest, at the Board's prescribed interest rates.

The balance in Account 1521 should be reported quarterly, at the same time as filings are due in relation to the balances in other deferral and variance accounts under section 2.1.1 of the Board's Electricity Reporting and Record Keeping Requirements.

In accordance with section 8 of the SPC Regulation, you are required to apply to the Board no later than April 15, 2012 for an order authorizing you to clear any debit or credit balance in "Sub-account 2010 SPC Variance". The Board expects that requests for disposition of the balance in "Sub-account 2010 SPC Variance" and "Sub-account 2010 SPC Assessment Carrying Charges" will be addressed as part of the proceedings to set rates for the 2012 rate year, except in cases where this approach would result in non-compliance with the timeline set out in section 8 of the SPC Regulation.

In accordance with section 9 of the SPC Regulation, recovery of your SPC assessment is to be spread over a one-year period, starting from the date on which you begin billing to recover your assessment. The request for disposition of the balance in "Sub-account 2010 SPC Variance" and "Sub-account 2010 SPC Assessment Carrying Charges" should be made after that one-year period has come to an end, and all bills that include amounts on account of that assessment have come due for payment.

Any questions regarding the above should be directed to the Market Operations Hotline at 416-440-7604 or by e-mail at market.operations@oeb.gov.on.ca. The Board's toll free number is 1-888-632-6273.

AFFIDAVIT OF AUBREY LEBLANC

I, **AUBREY LEBLANC**, of the City of Toronto, in the Province of Ontario, MAKE OATH AND SAY AS FOLLOWS:

1. I am a resident of the City of Toronto and a consumer of electricity, and as such have knowledge of the matters herein deposed.
2. I am a customer of Toronto Hydro-Electric System Limited ("THESL"). As a customer of THESL, I receive, and pay, a monthly account relating to electricity charges that pertain to my consumption of electricity, based upon the rates approved by the Ontario Energy Board (the "Board").
3. As a customer of THESL, I will be directly affected by the Assessment and the application of Section 26.1 of the *Ontario Energy Board Act, 1998* ("OEB Act") as discussed below, as THESL will, as it is entitled to pursuant to Section 26.1 of the OEB Act and Ontario Regulation 66/10, seek to recover the costs of the Assessment from its customers, including myself.

Statutory Framework

4. Section 26.1 of the OEB Act requires the Board to assess LDCs with respect to "the expenses incurred and expenditures made by the Ministry of Energy and Infrastructure in respect of its energy conservation programs or renewable energy programs".

5. Section 26.1(2) of the OEB Act authorizes LDCs to collect amounts assessed under Section 26.1(1) from consumers or classes of consumers as prescribed by regulation and in the manner prescribed by regulation.

6. Section 26.2 of the OEB Act sets out the "special purposes" for which amounts collected under Section 26.1 relating to assessments are paid to Ontario. They are:

1. To fund conservation or renewable energy programs aimed at decreasing the consumption of two or more of the following fuels:
 - i. natural gas,
 - ii. electricity,
 - iii. propane,
 - iv. oil,
 - v. coal, and
 - vi. wood.
2. To fund conservation or renewable energy programs aimed at causing consumers of fuel to change from one or more of the fuels listed in paragraph 1 to any other fuel or fuels listed in that paragraph.
3. To fund conservation or renewable energy programs aimed at decreasing peak electricity demand, while increasing or decreasing the consumption of another type of fuel.
4. To fund research and development or other engineering or scientific activities aimed at furthering the conservation or the efficient use of fuels.
5. To fund conservation or renewable energy programs aimed at a specific geographical, social, income or other sector of Ontario.
6. To reimburse the Province for expenditures it incurs for any of the above purposes.

7. Section 7 of Ontario Regulation 66/10, passed pursuant to Section 26.1 of the OEB Act, sets out the formula for the determination of the amounts to be assessed from each LDC and the formula by which each LDC can recover the amounts assessed from the consumers from whom it distributes electricity, including myself.

8. Section 8 of Ontario Regulation 66/10, passed pursuant to Section 26.1 of the OEB Act, sets out the process by which LDCs shall apply to the Board for an order authorizing the LDC in question to clear the credit or debit balance in any variance account authorized by the

Board to track the difference between the amounts remitted by the LDC pursuant to the Assessment and the amounts recovered by the LDC pursuant to Section 7 of Ontario Regulation 66/10.

9. Section 78 of the OEB Act provides that "no transmitter shall charge for the transmission of electricity except in accordance with an order of the Board, which is not bound by the terms of any contract".

The Assessment

10. By letter dated April 9, 2010, the Board issued an assessment to LDCs, pursuant to Section 26.1 of the OEB Act (the "Assessment"). Attached to the Board's letter was an invoice setting out the amount the LDC receiving the letter was being assessed for the Special Purpose Charge ("SPC"). A copy of the Board's letter of April 9, 2010, is attached to this affidavit as **Exhibit "A"**.

11. In its letter, the Board explained that the Assessment was made pursuant to Sections 26.1 and 26.2 of the OEB Act, as well as Ontario Regulation 66/10. The Board also went on to provide instructions relating to the recovery of the assessed amount from the LDCs' consumers, as reproduced below:

Recovery of your SPC Assessment

Section 26.1 of the Act and the SPC Regulation authorize each licensed electricity distributor to recover the amount of its SPC assessment from its customers, other than embedded licensed distributors, based on the volume of electricity distributed to the customer. Recovery is to be done using the formula set out in section 7 of the SPC Regulation. In accordance with section 9 of the SPC Regulation, recovery is to be spread over a one-year period, starting from the date on which you begin billing to recover your assessment. The amount that may be collected to recover the SPC assessment is not a rate, and it may be collected under the authority of the Act and the SPC Regulation. No rate order is required, and none will be issued.

The Variance Account

12. On April 23, 2010, the Board wrote to the LDCs advising that it had authorized Account 1521, Special Purpose Charge Assessment Variance Account (the "Variance Account"). A copy of the Board's letter of April 23, 2010 is attached to this affidavit as **Exhibit "B"**.

13. The Board explained that Ontario Regulation 66/10 contemplates that each LDC will record in a variance account any differences between: (a) the amount remitted to the Minister of Finance for the LDCs' Assessment; and (b) the amounts recovered from consumers on account of the Assessment (the "Variance Amounts"). The Board also provided instructions for recording the Variance Amounts in the Variance Account.

14. The Board advised the LDCs that in accordance with Section 8 of Ontario Regulation 66/10, the LDCs were required to apply to the Board no later than April 15, 2012 for an order authorizing [the LDC] to clear any debit or credit balance in "Sub-account 2010 SPC Variance".

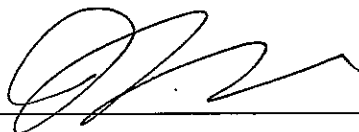

15. The Board further advised that it expected that requests for disposition of the balance in the Variance Account would be addressed as part of the proceedings to set rates for the 2012 rate year, except in cases where this approach would result in non-compliance with the timeline set out in Section 8 of Ontario Regulation 66/10.

16. I make this affidavit in support of a Motion for:

- (a) An Order cancelling the Assessment issued by the Board under Section 26.1 of the OEB Act for Ministry of Energy and Infrastructure Conservation and Renewable Energy Program Costs.
- (b) A determination of whether the Board has the jurisdiction to issue an Assessment to LDCs, for payment to the Ministry of Finance, pursuant to unconstitutional legislation.
- (c) A determination of whether the Board has the jurisdiction to issue an Assessment prescribing the formula by which the amount of the Assessment may be recovered by LDCs from their consumers, pursuant to unconstitutional legislation.

- (d) An Order cancelling the authorization of Account 1521, Special Purpose Charge Assessment Variance Account (the "Variance Account"), which authorization was made pursuant to Section 8 of Ontario Regulation 66/10.
- (e) A determination of whether the Board has the jurisdiction to authorize the creation of the Variance Account without an Order having been issued under Section 78 of the OEB Act.
- (f) A determination of whether the Board has the jurisdiction to authorize the Variance Account pursuant to unconstitutional legislation.
- (g) In the alternative, an Order pursuant to Section 32 of the OEB Act stating a case in writing for the opinion of the Divisional Court as to whether Section 26.1 of the OEB Act is constitutionally valid.

RE: "Special Purpose Charge" Assessment under Section 26.1 of the *Ontario Energy Board Act, 1998* for Ministry of Energy and Infrastructure Conservation and Renewable Energy Program Costs

Sections 26.1 and 26.2 of the *Ontario Energy Board Act, 1998* (the "Act") make provision for a special purpose charge (the "SPC") to enable the recovery of the expenses incurred and the expenditures made by the Ministry of Energy and Infrastructure in respect of its energy conservation programs or renewable energy programs.

Sections 26.1 and 26.2 of the Act, added by the *Green Energy and Green Economy Act, 2009*, have now been proclaimed into force. Two regulations have also now been made under the Act in relation to the assessment, payment, recovery and billing of the SPC: (a) Ontario Regulation 66/10 (Assessments for Ministry of Energy and Infrastructure Conservation and Renewable Energy Program Costs) (the "SPC Regulation"); and (b) Ontario Regulation 67/10, which amends Ontario Regulation 275/04 (Information on Invoices to Low-Volume Consumers of Electricity) (the "Simplified Bill Regulation"). Copies of these two regulations are attached.

The invoice attached to this letter sets out the amount that you are being assessed for the SPC. Instructions relating to payment of the assessment to the Ministry of Finance and to recovery of the assessed amount from customers are set out below.

-2-

Amount and Payment of your SPC Assessment

The Board is responsible for apportioning the total amount of the SPC among licensed electricity distributors and the IESO in accordance with the rules set out in the SPC Regulation. For this purpose, the Board has calculated a quotient ("Q") using the formula set out in section 5 of the SPC Regulation. "Q" has been calculated as **\$0.0003725**. The Board has determined your assessment for the SPC using this value and volumetric information, as also required by the SPC Regulation. The amount of your assessment and payment instructions are shown on the attached invoice.

Recovery of your SPC Assessment

Section 26.1 of the Act and the SPC Regulation authorize each licensed electricity distributor to recover the amount of its SPC assessment from its customers, other than embedded licensed distributors, based on the volume of electricity distributed to the customer. Recovery is to be done using the formula set out in section 7 of the SPC Regulation. In accordance with section 9 of the SPC Regulation, recovery is to be spread over a one-year period, starting from the date on which you begin billing to recover your assessment. The amount that may be collected to recover the SPC assessment is not a rate, and it may be collected under the authority of the Act and the SPC Regulation. No rate order is required, and none will be issued.

Presentation on the Bill

Subsection 4(2) of the Simplified Bill Regulation referred to above has been amended to require that amounts being collected for the SPC be included as part of the "regulatory charges," and therefore included within the total amount shown on the "Regulatory Charges" line of the bill. Subsection 10(1) of the Simplified Bill Regulation has also been amended to revise the "Regulatory Charges" portion of the "Glossary of Terms" that is required to be included on or with the bill. The Simplified Bill Regulation applies only to bills issued to low-volume electricity consumers. For consistency, distributors should, but are not required, to do the same in respect of bills issued to other customers.

Variances

Section 8 of the SPC Regulation contemplates that each licensed electricity distributor will record in a variance account any differences between: (a) the amount remitted to the Minister of Finance for the distributor's SPC assessment; and (b) the amounts recovered from customers for that assessment. The Board will be creating an account for this purpose, and will provide further information in the near future.

Any questions regarding the attached invoice, other than in relation to payment, should be directed to the Market Operations Hotline at 416-440-7604 or by e-mail at market.operations@oeb.gov.on.ca. The Board's toll free number is 1-888-632-6273.

Any questions regarding payment should be directed to the Non-Tax Revenue Branch Contact Centre for the Ministry of Finance at 1-877-535-0554 or by fax at 416-326-5177.

RE: Variance Account for "Special Purpose Charge" Assessment under Section 26.1 of the *Ontario Energy Board Act, 1998* for Ministry of Energy and Infrastructure Conservation and Renewable Energy Program Costs

Under cover of a letter dated April 9, 2010, the Board issued your invoice setting out the amount that you are being assessed on account of the special purpose charge (the "SPC") referred to in sections 26.1 and 26.2 of the *Ontario Energy Board Act, 1998* (the "Act").

As indicated in the Board's letter, section 8 of Ontario Regulation 66/10 (Assessments for Ministry of Energy and Infrastructure Conservation and Renewable Energy Program Costs) (the "SPC Regulation") contemplates that each licensed electricity distributor will record in a variance account any differences between: (a) the amount remitted to the Minister of Finance for the distributor's SPC assessment; and (b) the amounts recovered from customers on account of the assessment.

For that purpose, the Board has now authorized Account 1521, Special Purpose Charge Assessment Variance Account. Any difference between the amount remitted to the Minister of Finance for your SPC assessment and the amount that you recover from customers must be recorded in "Sub-account 2010 SPC Assessment Variance" of Account 1521. Account 5681, Special Purpose Charge Expense, should be used to record the amount of your SPC assessment, and Account 4324, Special Purpose Charge Recovery, should be used to record amounts collected from customers on account of that assessment.

-2-

Carrying charges shall apply to the monthly opening debit or credit balances in "Sub-account 2010 SPC Assessment Variance" and shall be recorded in "Sub-account 2010 SPC Assessment Carrying Charges" of Account 1521. Any carrying charges shall be calculated using simple interest, at the Board's prescribed interest rates.

The balance in Account 1521 should be reported quarterly, at the same time as filings are due in relation to the balances in other deferral and variance accounts under section 2.1.1 of the Board's Electricity Reporting and Record Keeping Requirements.

In accordance with section 8 of the SPC Regulation, you are required to apply to the Board no later than April 15, 2012 for an order authorizing you to clear any debit or credit balance in "Sub-account 2010 SPC Variance". The Board expects that requests for disposition of the balance in "Sub-account 2010 SPC Variance" and "Sub-account 2010 SPC Assessment Carrying Charges" will be addressed as part of the proceedings to set rates for the 2012 rate year, except in cases where this approach would result in non-compliance with the timeline set out in section 8 of the SPC Regulation.

In accordance with section 9 of the SPC Regulation, recovery of your SPC assessment is to be spread over a one-year period, starting from the date on which you begin billing to recover your assessment. The request for disposition of the balance in "Sub-account 2010 SPC Variance" and "Sub-account 2010 SPC Assessment Carrying Charges" should be made after that one-year period has come to an end, and all bills that include amounts on account of that assessment have come due for payment.

Any questions regarding the above should be directed to the Market Operations Hotline at 416-440-7604 or by e-mail at market.operations@oeb.gov.on.ca. The Board's toll free number is 1-888-632-6273.

AND IN THE MATTER OF Sssessments issued by the Ontario Energy Board pursuant to section 26.1 of the Ontario Energy Board Act and Ontario Regulation 66/10;

AND IN THE MATTER OF Rule 42 of the Rules of Practice and Procedure of the Ontario Energy Board.

NOTICE OF CONSTITUTIONAL QUESTION

TAKE NOTICE that the Consumers Council of Canada intends question the constitutional validity of section 26.1 of the *Ontario Energy Board Act*, 1998.

The question is to be argued on a date and at a time to be fixed by the Ontario Energy Board, at its chambers at 2300 Yonge Street, Toronto, Ontario.

The following are the material facts giving rise to the constitutional question.

1. On April 9, 2010, the Ontario Energy Board ("Board") issued, to Licensed Electricity Distributors ("LDCs"), a "Special Purpose Charge" assessment (the "Assessment") under section 26.1 of the *Ontario Energy Board Act*, 1998 (the "OEB Act").
2. The Assessment required each LDC to pay a specified amount to the Ministry of Finance, by July 30, 2010.
3. The amounts so collected are to be used for the special purposes set out in section 26.2 of the OEB Act.
4. The amounts so collected from LDCs are to be recovered from the consumers to whom the LDCs distribute electricity.
5. If the LDCs fail to pay the Assessment, the Board may by order require them to do so.

The following is the legal basis for the constitutional question.

1. Section 26.1 of the OEB Act requires the Board to assess, in respect of consumers in their service areas, gas distributors and licensed distributors with respect to the expenses incurred and expenditures made by the Ministry of Energy and Infrastructure in respect of its energy conservation programs or renewable energy programs.

2. Ontario Regulation 66/10, made pursuant to the OEB Act, sets out the formula by which the amount of the assessments to licensed distributors are to be calculated.
3. Section 26.1(2) of the OEB Act provides that LDCs may collect the amounts assessed from the consumers or classes of consumers prescribed by regulation and in the manner prescribed by regulation.
4. Ontario Regulation 66/10 sets out the formula by which a LDC may recover from persons to whom it distributes electricity in its service area the amounts it is required to pay pursuant to the Assessment.
5. Accordingly, the Assessment authorized by section 26.1 of the OEB Act is to be paid by someone other than the person to whom it is directed.
6. The purposes for which the Assessment are levied are set out in section 26.2 of the OEB Act. They are:
 1. To fund conservation or renewable energy programs aimed at decreasing the consumption of two or more of the following fuels:
 - i. natural gas,
 - ii. electricity,
 - iii. propane,
 - iv. oil,
 - v. coal, and
 - vi. wood.
 2. To fund conservation or renewable energy programs aimed at causing consumers of fuel to change from one or more of the fuels listed in paragraph 1 to any other fuel or fuels listed in that paragraph.
 3. To fund conservation or renewable energy programs aimed at decreasing peak electricity demand, while increasing or decreasing the consumption of another type of fuel.
 4. To fund research and development or other engineering or scientific activities aimed at furthering the conservation or the efficient use of fuels.
 5. To fund conservation or renewable energy programs aimed at a specific geographical, social, income or other sector of Ontario.
 6. To reimburse the Province for expenditures it incurs for any of the above purposes.
7. The purposes set out in 26.2 are broad and essentially comprise all of the energy-related objectives and activities of the Ministry of Energy and Infrastructure.

8. The Assessment is indirect in nature, because it effectively requires consumers to pay for the Special Purpose charge by allowing LDCs to recover the amount of the Assessment from those consumers.
9. If a LDC fails to pay the Assessment, the Board may, pursuant to section 26.1(6) of the OEB Act, order the LDC to do so.
10. The Assessment constitutes an indirect tax, as opposed to a regulatory charge, and is therefore fully outside of the constitutional competence of the provincial Legislature, pursuant to Section 92(2) of the *Constitution Act, 1867*, which limits provincial legislatures to direct taxation.
11. Section 26.1 of the OEB Act is constitutionally invalid as constituting an indirect tax.
