Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: EB-2010-0182 – Union Gas 2010 DSM Input Assumptions

We are counsel for the School Energy Coalition. Pursuant to PO #1, SEC has been deemed to be an intervenor in this proceeding. An SEC representative also sits on the Union 2010 EAC, and participates actively in the work of the Union DSM Consultative.

Union Gas has engaged in a thorough consultation on the input assumptions for 2010, including engaging the EAC in detailed review, responding in a thoughtful and appropriate way to all concerns expressed by EAC and consultative members, and ending up with a filing that expresses a reasonable consensus of stakeholders. We therefore have no concerns about the proposed input assumptions put forth by Union for 2010.

All of which is respectfully submitted.

Yours very truly,
JAY SHEPHERD P. C.
