Ms. Kirsten Walli
Board Secretary
Ontario Energy Board

Dear Ms. Walli:

Re: EB-2010-0182 - DSM Input Assumptions 2010

By application dated April 30, 2010, Union Gas Limited (“Union”) applied to the Board for an order granting approval of changes to its 2010 Natural Gas Demand Side Management (“DSM”) Plan. Specifically, Union requested approval of changes to the 2010 input assumptions. The Board assigned docket number EB-2010-0182 to the application.

The Board issued Procedural Order No. 1 on May 20, 2010 providing for written submissions.

Union received submissions from the Canadian Manufacturers & Exporters (“CME”), the Ontario Sustainable Energy Association (“OESA”), Energy Probe Research Foundation (“EP”), Green Energy Coalition (“GEC”) and the School Energy Coalition (“SEC”).

SEC, EP and OESA supported the proposed changes to the 2010 input assumptions and CME and GEC noted they had no concerns.

Accordingly, Union requests an order of the Board approving the proposed changes to the 2010 DSM input assumptions.

Yours truly,
