**Re: Submission of the Low Income Energy Network (LIEN) Board file number EB-2010-0182 – Union Gas 2010 DSM Plan Input Assumptions**

Dear Ms. Walli,

This submission provides the Low-Income Energy Network's (LIEN) comments on EB-2010-0182 – Union Gas 2010 DSM Plan Input Assumptions.

Based on our review, LIEN concurs with the DSM Plan Input Assumptions as assembled by Union Gas and its Evaluation and Audit Committee.

LIEN represents more than 40 member groups across Ontario. As a network representing the intersection of interests related to low-income consumers and energy and sustainability, LIEN's focus is on reducing the energy bills of all low-income consumers, ensuring that all low-income consumers across Ontario have access to conservation programs, technologies and services as well as conservation education, and realizing the environmental, energy and economic benefits associated with the more efficient use of energy.

We hope you will find LIEN's comments of interest and helpful in assisting to achieve the Board's objectives. Thank you for the opportunity to provide this submission.

Sincerely,

**Zee Bhanji**  
Coordinator  
Low-Income Energy Network
