Dear Ms Walli,

Enbridge Gas Distribution Inc. – July 1, 2010 QRAM Application

Board File No.: EB-2010-0186

Our File No.: 339583-000007

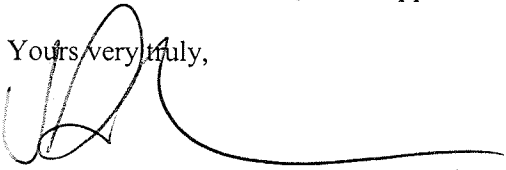

I am writing on behalf of our client, Canadian Manufacturers & Exporters (“CME”) to provide comments on Enbridge Gas Distribution Inc.’s (“EGD”) QRAM Application which seeks changes to EGD’s rates for the sale, distribution, storage and transmission of gas effective July 1, 2010.

We have reviewed EGD’s QRAM Application which was filed with the Board on June 11, 2010. CME questioned why the QRAM application will result in a cost increase for direct purchase customers despite the fact that EGD’s utility price is being reduced. To this end, EGD has provided a satisfactory explanation.

On the basis of its review of the Application, coupled with our subsequent discussion with EGD, CME is satisfied that this Application is consistent with the Board-approved framework for QRAM Applications. As such, CME does not oppose the relief sought by EGD in the June 11, 2010 QRAM Application.

CME requests an award of its reasonably incurred costs in connection with conducting its examination of EGD’s QRAM Application.

Yours very truly,

Vincent J. DeRose
