Ms. Kirsten Walli
Board Secretary
Ontario Energy Board

Dear Ms. Walli:

**Board File No. EB-2010-0002 Hydro One Networks
2011-2012 Transmission Rates Case
Intervention of Energy Probe**

Pursuant to the Notice of Application and Hearing, issued June 7, 2010, Energy Probe Research Foundation (Energy Probe) is hereby providing Notice of Intervention in the EB-2010-0002 proceeding for the Board's consideration. An electronic version of Energy Probe's Notice will be provided in PDF format.

Energy Probe has become aware of a number of issues it wishes to pursue in this Matter, and has therefore availed itself of expert support. Energy Probe notes the Applicant's letter of June 11, 2010 (Proposed Expedited Hearing Timetable) and the proposal that the settlement process be moved forward and amalgamated with a determination of the initial Issues List. The reason given being that the Applicant had reduced its requested revenue requirement increase by 25% from an application not filed with the Board. Apparently, this would not allow Hydro One to take its usual active role in a settlement conference. Energy Probe submits that the public interest would best be served in this Matter through the Board continuing to encourage a settlement process.

Yours truly,

David S. MacIntosh
Case Manager

Ontario Energy Board

IN THE MATTER OF *the Ontario Energy Board Act, 1998;*

AND IN THE MATTER OF an Application by Hydro One Networks Inc. for an Order or Orders approving rates for the transmission of electricity.

NOTICE OF INTERVENTION

OF

ENERGY PROBE RESEARCH FOUNDATION

Energy Probe Research Foundation (Energy Probe) applies for intervenor status in this proceeding.

Statement of Interest

Energy Probe is a non-profit environmental and consumer organization which promotes economic efficiency in the use of resources. Energy Probe will be representing its residential customer supporters in Ontario, which we have some number of thousands, and also representing a broader public interest concern with respect to the overall financial health and operational integrity of our utilities. Energy Probe will be intervening on issues which the Foundation believes to be in the public interest.

Intervention

Energy Probe intends to appear and participate in the hearing. Energy Probe expects to be a full-time intervenor. Energy Probe will be assisted by experts.

Costs

Energy Probe is a non-profit organization which relies on individual donations to help protect the public interest. Without the prospect of an award of costs, Energy Probe's ability to participate in proceedings would be very limited. Energy Probe intends to seek a cost award in this proceeding, and expects to intervene responsibly, cognizant of the Boards guidelines regarding cost awards.

Communications relating to this Notice of Intervention, including but not limited to all documents filed with the Board by Hydro One Networks Inc., are required by Energy Probe and should be directed to:
