To: All registered parties in proceeding EB-2009-0332:

**Re: Horizon Utilities Corporation – Z-Factor Application
EB-2009-0332: Issuance of Redacted Interrogatories**

The oral hearing in this proceeding was held entirely *in camera* on January 28, 2010. At the end of the hearing, the Panel expressed the view that much of the transcript could be placed on the public record.

In this context, the Panel asked that Horizon Utilities Corporation (“Horizon”) prepare a proposed redacted version of the transcript, based on the decisions made by the Panel on confidentiality in this proceeding, and incorporating input from the subject customer.

The Panel requested that Horizon provide this version of the transcript to Board staff who would then offer an opinion as to whether or not the proposed redactions were appropriate. The Panel suggested that there was no need to involve intervenors in this process, a suggestion which was accepted by the intervenors present at the hearing.

On April 29, 2010, the Board issued a redacted version of the transcript after the completion of this process. The Board stated that the next step would be for the Board to place on the public record versions of the undertakings and submissions filed in this proceeding, redacted where necessary. This would involve a similar process to that which was used to produce the redacted version of the transcript.

On June 10, 2010, the Board issued a letter stating that it had now completed its review of the proposed redacted submissions and undertakings and that copies of this material had been placed in the public file on the Board’s website. The Board noted that Horizon had not yet placed on the public record a redacted set of the confidential interrogatories, which it had filed on December 2, 2009, that conformed with the determinations made by the Board in this proceeding, specifically the Board’s Decision and Order on Confidentiality issues of January 18, 2010 (the “confidentiality Decision”) and those made at the beginning of the oral hearing held on January 28, 2010 and reflected in the

transcript. The Board directed Horizon to file this material by June 18, 2010.

On June 18, 2010, Horizon responded to the Board's letter and provided its proposed redacted versions of the interrogatories. Horizon stated that it had prepared these versions in consultation with counsel to the Subject Customer

The Board has now completed its review of the proposed redacted interrogatories. Attached is the redacted version of these interrogatories which the Board is placing on the public record.

The Board has determined that the redactions proposed by Horizon are in conformity with the confidentiality Decision and those made at the beginning of the oral hearing held on January 28, 2010 and reflected in the transcript. Accordingly, the Board accepts them as filed.

This completes the process of placing a complete set of redacted documents related to this proceeding on the public record.

Yours truly,

Original Signed By

John Pickernell
Assistant Board Secretary
