Dear Ms. Walli:

**Re: Hydro One Networks Inc. 2011 & 2012 Transmission Revenue
Requirement and Rate Application
Niskibi Group Inc. Letter of Intervention
Ontario Energy Board File No. EB-2010-0002**

We are counsel to Niskibi Group Inc. (“Niskibi”) in the above captioned matter. Niskibi is a corporation involved in renewable generation and mining/mineral resources projects with a number of First Nations groups.

Further to the recent public Notice regarding the above noted Application, Niskibi wishes to request intervenor status with respect to this proceeding. Several of the generation projects currently in the planning stages between Niskibi and its partners will require connections to the Hydro One transmission system. Its ability to proceed with some or all of these projects will depend on the outcome of this Application, and more particularly on the approval of certain of the transmission infrastructure projects proposed by Hydro One for the period covered by the Application. Niskibi and its partners are therefore directly affected by this Application.

Notice

We request that copies of all documents and correspondence pertaining to this consultation be served on Niskibi and its counsel as follows:
