Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
Suite 2700, 2300 Yonge Street
Toronto, ON M4P 1E4

Dear Ms. Walli:

Hydro One Networks Inc.

Licence Amendments for Exemption from Certain Electricity Reporting and Record Keeping Requirements
Board File Number EB-2010-0172

In response to the Ontario Energy Board (“the OEB”) letter of May 14, 2010 in which the Board noted that Hydro One Networks Inc. (“Hydro One”) application in this proceeding is incomplete and cannot be processed until further information is provided, Hydro One offers the following responses to the two items identified in the above letter:

1. Hydro One wishes to proceed with a written hearing in order to address our request for exemptions from Section 14 of its Electricity Distribution Licence, pertaining to certain Electricity Reporting and Record Keeping requirements (“RRR”) identified in its submission to the OEB of April 19, 2010.
2. In respect of the requested exemption to section 2.1.5.5b) of the RRR dated May 1, 2010, Hydro One confirms that it is not able to report the total population within Licensed Service Area **by municipal and seasonal occupancy population** (emphasis added) as the Company does not have a record of populations in the municipalities that

it serves. Hydro One has not provided such information in prior years through its RRR filings. Rather, the information submitted in this category comprised a single number which represented the total Service Area population that was equal to the sum of all Municipal populations within the service territory.

I trust this helps to clarify the matter

Sincerely,
