NOTICE OF INTERVENTION

OF

ENERGY PROBE RESEARCH FOUNDATION

Energy Probe Research Foundation (Energy Probe) applies for intervenor status in this proceeding.

Statement of Interest

Energy Probe is a non-profit environmental and consumer organization which promotes economic efficiency in the use of resources. Energy Probe will be representing its residential customer supporters in Ontario, which we have some number of thousands, and also representing a broader public interest concern with respect to the overall financial health and operational integrity of our utilities. Energy Probe will be intervening on issues which the Foundation believes to be in the public interest.

Intervention

Energy Probe intends to appear and participate in the hearing. Energy Probe expects to be a full-time intervenor. Energy Probe will be assisted by experts and may call evidence.

Costs

Energy Probe is a non-profit organization which relies on individual donations to help protect the public interest. Without the prospect of an award of costs, Energy Probe's ability to participate in proceedings would be very limited. Energy Probe intends to seek a cost award in this proceeding, and expects to intervene responsibly, cognizant of the Board's guidelines regarding cost awards.

Communications relating to this Notice of Intervention, including but not limited to a copy of all documents filed with the Board by Horizon Utilities Corporation, are required by Energy Probe and should be directed to:
