Dear Ms. Walli:

**Re: EB-2010-0008 - Ontario Power Generation Inc. Confidential Information

In Procedural Order No. 3, the OEB requires that OPG file a fully unredacted version of the Hydroelectric 2010 - 2014 Business Plan at Exhibit F1-1-1, Attachment 1, so that the OEB may review it to determine whether the redactions related to OPG's unregulated hydroelectric business are appropriate. The OEB has stated that this document will not be made available to the parties and that the OEB will return the unredacted copy to OPG.

In accordance with Procedural Order No. 3, a copy of the fully unredacted Hydroelectric 2010 – 2014 Business Plan is attached. Following the OEB's review of this document, the document may be returned to the attention of:
