Dear Ms. Walli:

**Re: Enbridge Gas Distribution Inc. ("Enbridge") – 2011 DSM Plan  
Board File No.: EB-2010-0175**

---

On July 16, 2010 the Ontario Energy Board ("Board") released Procedural Order No. 1 regarding Enbridge's 2011 DSM Plan Application. In the procedural order the Board approved Intervenor status for the following parties:

Canadian Manufacturers and Exporters,  
Energy Probe,  
Green Energy Coalition,  
Industrial Gas Users Association,  
Low-Income Energy Network,  
Ontario Sustainable Energy Association ("OSEA"),  
Pollution Probe,  
Toronto and Region Conservation Authority ("TRCA"), and  
Vulnerable Energy Consumers Coalition.

The Board granted cost awards to all parties with the noted exceptions to the OSEA and the TRCA.

The Company has no objections to the Board's decision on Intervenor status and cost awards for this proceeding. Enbridge reserves the right to make objections, if the Board receives any subsequent Interventions and requests for cost awards for this matter.

Sincerely,

A handwritten signature in black ink that reads 'Lesley Austin'.
