

CANADIAN ASSOCIATION
OF PETROLEUM PRODUCERS

July 26, 2010

SUBMITTED ELECTRONICALLY

Kirsten Walli
Board Secretary
Ontario Energy Board
P.O. Box 2319, 27th Floor
2300 Yonge Street
Toronto, ON M4P 1E4

Dear Ms. Walli:

Re: 2010 Natural Gas Market Review (EB-2010-0199)

The Canadian Association of Petroleum Producers (CAPP) is interested in participating in the 2010 Natural Gas Market Review. CAPP is particularly interested in the assessment of natural gas supply markets.

The Canadian Association of Petroleum Producers (CAPP) represents companies, large and small, that explore for, develop and produce natural gas and crude oil throughout Canada. CAPP's member companies produce about 90 per cent of Canada's natural gas and crude oil. CAPP's associate members provide a wide range of services that support the upstream crude oil and natural gas industry. Together CAPP's members and associate members are an important part of a \$110-billion-a-year national industry that provides essential energy products. CAPP's mission is to enhance the economic sustainability of the Canadian upstream petroleum industry in a safe and environmentally and socially responsible manner, through constructive engagement and communication with governments, the public and stakeholders in the communities in which we operate.

CAPP has not yet fully assessed the extent of its participation but does intend to shape its participation with a view to being of assistance to the Board and will be interested to study the ICF report to be issued by Board staff in August.

CAPP does not seek intervenor funding.

Communications in regard to the review should be sent to:

2100, 350 – 7 Avenue S.W.
Calgary, Alberta
Canada T2P 3N9
Tel (403) 267-1100
