Board Secretary

Dear Ms. Walli:

Re: Request to Participate in EB-2010-0199, 2010 Natural Gas Market Review Consultation

Please accept this letter as an indication of both my interest and my request to participate in the above Consultation as announced by the OEB on July 13, 2010 to all interested stakeholders. I have requested a user ID & password for the OEB's Regulatory Electronic Submission System (RESS) today, which I understand will take 3 days, so this letter has been sent via email, as well as 2 paper copies via postal mail. Once I have a user ID and password, I will be able to make further submissions via the RESS.

My interest in this proceeding stems from my involvement with the energy industry in Ontario through my energy consulting business which I founded in 1999. Prior to this I was employed in the Ontario natural gas industry since 1981. My clients have a significant interest in energy market developments in Ontario, particularly the new eastern sale gas developments and the opportunities they may provide.

I have also been an active participant in other important OEB initiatives, namely, the Natural Gas Forum, the Natural Gas Electricity Interface Review and the Union Gas and Enbridge 5 year Incentive Regulation Rate Mechanisms.

At this time I do not anticipate I will be seeking an award of costs. My contact information, including postal address, telephone, fax, and e-mail address is as per the above letterhead.

Yours sincerely,

Jason F. Stacey
