Dear Ms. Walli:

**EB-2010-0199 – Gas Industry Consultation**

PowerStream Inc. is applying for intervention/stakeholder status in the above-noted proceeding.

PowerStream Inc. would appreciate the opportunity to participate in this consultation process. The Board has noted that they need to determine if regulatory changes need to be implemented in response to potential impacts to the industry. Since there will be discussion on regulatory changes, PowerStream feels that it is important for us to be there, and to see what synergies we could share.

PowerStream is not eligible for and does not seek an award of costs as per the Board's Cost Award Guidelines.

PowerStream requests that documents filed with the Board in the proceeding be served as follows:
