Dear Ms. Walli:

**Re: EB-2010-0008 - Ontario Power Generation Inc. ("OPG")
2011-2012 Payment Amounts for Prescribed Facilities**

This letter is further to the email of July 30, 2010 from the Assistant Board Secretary in respect of information that was ordered to be protected as confidential by the Ontario Energy Board ("OEB") in its Decision and Orders dated July 21, 2010 and subsequently disclosed by the legal counsel for School Energy Coalition ("SEC"). In particular, SEC, in its non-confidential interrogatory filing dated July 30, 2010 disclosed in interrogatory 16(a) certain confidential in breach of the confidentiality order.

OPG requests that the OEB take immediate steps to remove electronic copies of the SEC interrogatories from its website and to destroy all written and electronic copies of the interrogatories in the possession of the OEB and its staff pending an amended filing by SEC.

OPG further requests that the OEB order that all parties, including legal counsel, consultants and respective clients that may have received such information, destroy any and all written and electronic copies of the SEC interrogatories or any document that makes reference to the information in question and to file with the Board Secretary a certification in the form prescribed by the OEB advising that said documents have been destroyed.

OPG considers this to be a serious breach of the required confidential treatment of the subject information and of the Undertaking and Declaration dated June 30, 2010 signed by SEC's legal counsel. In this regard, OPG requests that the OEB take the necessary steps to ensure accountability and to ensure the protections provided by its Decision and Orders are upheld and maintained. In this regard, OPG urges that the OEB should be guided by its decision in EB-2009-0096 where confidential information was disclosed.

Yours truly,
