Ms. Kirsten Walli
Secretary
Ontario Energy Board
Suite 2700, 2300 Yonge Street
P.O. Box 2319
Toronto, ON.
M4P 1E4

Dear Ms. Walli:

EB-2007-0691 – Kruger Energy Inc. Application under Section 81 regarding construct and operate a 100 MVA substation in the Municipality of Chatham-Kent – Hydro One Networks Notice of Intervention

Hydro One Networks Inc. ("Hydro One") is applying for late intervenor status in the above-noted proceeding. In doing so, Hydro One does accept the record as it now stands.

Hydro One is a subsidiary of Hydro One Inc. and operates extensive electricity transmission and distribution facilities throughout Ontario. Hydro One is a major stakeholder in the Ontario energy sector and a regulated Ontario electricity distributor and transmitter. As such, Hydro One appears regularly before the Ontario Energy Board and is affected by certain issues which may be treated similarly or which intervenors may urge the Board to treat similarly across the gas and electricity sectors. In addition, Hydro One Networks is specifically affected by and interested in the proposed 100 MVA substation, its connection to Hydro One Networks transmission facilities and the overall relationship between Kruger Energy's generation business and transmission operations. Hydro One therefore has significant interest in the issues raised in EB-2007-0691 and will be submitting written evidence on or before November 26, 2007.

Hydro One is not eligible for and does not intend to seek an award of costs as per the Board's Cost Award Guidelines.

Hydro One requests that documents filed with the Board in this proceeding be served as follows –

Mr. Glen MacDonald
Senior Advisor – Regulatory Research and Administration
