Dear Ms. Walli

**Re: PowerStream Inc. (OEB Electricity Distributor Licence ED-2004-0420)  
2010 Smart Meter Cost Recovery Application – Board File No. EB-2010-0209**

Procedural Order #1 for the above-captioned proceeding established the timeline for Board staff and intervenor interrogatories and a framework for dealing with the material that was the subject of PowerStream's confidentiality request made pursuant to the Board's *Practice Direction on Confidential Filings*. PowerStream had previously filed that material with the Board in confidence.

We are in receipt of the Board's Decision on Confidentiality dated August 5, 2010, in which the Board confirmed that no submissions were received in response to PowerStream's confidentiality request, and that it would permit the subject material to be kept in confidence. We have also received executed Declarations and Undertakings from the consultant and counsel to VECC, the only intervenor in this proceeding, on August 5 and 6, 2010, respectively. In keeping with the VECC request, the confidential material has been send to the consultant only.

Yours truly,
