Dear Ms. Walli:

**Re: Pollution Probe – Confidentiality Submissions
EB-2010-0008 – Ontario Power Generation – 2011-12 Payment Amounts**

Pursuant to *Procedural Order No. 6*, please find below Pollution Probe's submissions regarding confidential treatment of certain OPG's interrogatory responses.

With respect to confidential treatment of parts of OPG's response to Pollution Probe Interrogatory No. 11, Pollution Probe takes no position in light of the Board's previous decision regarding the confidential treatment of certain aspects of the Darlington Refurbishment.¹ However, assuming that the Board decides to similarly treat as confidential this aspect of the Darlington Refurbishment, Pollution Probe respectfully submits that the Board ought to make clear that it may similarly reconsider the confidential protection for this interrogatory response as the review of CWIP for the Darlington Refurbishment progresses.²

With respect to the potential confidential treatment of other OPG interrogatory responses, Pollution Probe takes no position.

Yours truly,

Basil Alexander
