Dear Ms. Walli:

**Re: Enbridge Gas Distribution Inc. ("Enbridge" or the "Company")  
Comments on Intervenor Cost Claims  
Board File No. EB-2010-0202 – DSM Input Assumptions Update Proceeding**

On July 19, 2010, the Ontario Energy Board ("Board") released the Decision and Order for the 2010 DSM Input Assumptions Update proceeding, which included direction on cost awards. On August 18, 2010, after review of cost claims received from Canadian Manufacturers & Exporters, Energy Probe, and Green Energy Coalition, Enbridge filed a letter to the Board, having no objections to the claims. The Low-Income Energy Network ("LIEN") filed cost claims for this proceeding on August 18, 2010.

The Company found LIEN's claim to be consistent with the allowances of prescribed rates within the cost assessment guidelines.

Enbridge reserves the right to make submissions regarding any outstanding Intervenor cost submissions which are subsequently received.

The Company awaits the recommendations and or cost awards of the Board with respect to all cost claims in this proceeding.

Yours truly,
