AMPCO Technical Conference Questions – Part 3

Question # 10

Issue 6.4: **Is the benchmarking methodology reasonable? Are the benchmarking results and targets flowing from those results for OPG’s nuclear facilities reasonable?**

Ref: Exhibit F5/Tab 1/Schedule 1, Page 12 Table 2

With respect to Table 2, OPG indicates on page 11 that “...green shaded boxes indicate that performance is above best quartile or maximum NPI points are achieved...”

Please update the table to indicate for each green box which of these criteria was used.
