Dear Ms. Walli:

**Re: EB-2010-0008 - Ontario Power Generation Inc. ("OPG")
Reply Submissions Regarding Confidential Information**

In Procedural Order No. 7, the OEB requires that OPG file a fully unredacted version of the letter from it to its shareholder dated June 24, 2010 (in response to part (a) of CCC interrogatory #1) so that the OEB may examine and determine whether the redactions related to OPG's unregulated business are appropriate. The OEB has stated that this document will not be made available to the parties and that upon a review of same, the OEB will return the unredacted copy to OPG.

A copy of the fully unredacted letter at Exhibit L-04-001, Attachment 2 is attached hereto and filed in accordance with Procedural Order No. 7. Only the original of this cover letter to the OEB will have the unredacted June 24, 2010 letter attached to it. A copy of this cover letter to the OEB without the attachment will be filed in the public record through RESS.

Following the OEB's review of the confidential attachment, in aid of returning the document to OPG as provided in Procedural Order No. 7, the document may be returned to:
