IN THE MATTER OF the *Ontario Energy Board Act, 1998*,
S.O. 1998, c. 15 (Sched. B), as amended;

AND IN THE MATTER OF an Application by Enbridge Gas
Distribution Inc. for an Order or Orders approving or fixing
rates for the sale, distribution, transmission and storage of
gas.

APPLICATION

1. The Applicant, Enbridge Gas Distribution Inc. ("Enbridge") is an Ontario corporation with its head office in the City of Toronto. It carries on the business of selling, distributing, transmitting and storing natural gas within Ontario.
2. Enbridge hereby applies to the Ontario Energy Board (the "Board"), pursuant to section 36 of the Ontario Energy Board Act, 1998, as amended (the "Act") for an Order or Orders approving or fixing just and reasonable rates for the sale, distribution, transmission and storage of gas commencing January 1, 2011.
3. As of January 1, 2011, Enbridge will be entering the fourth year of a five year Incentive Regulation plan approved by the Board in EB-2007-0615. The Board-approved Settlement Agreement in EB-2007-0615 (the "Settlement Agreement") establishes a revenue per customer cap framework for Enbridge's rates over the period from 2008 to 2012. Specifically, the Settlement Agreement provides that the Company's distribution revenue, in each year of the period January 1, 2008 through December 31, 2012 shall be determined by the application of a Distribution Revenue Requirement Per Customer Formula (the "Adjustment Formula").
4. Enbridge applies to the Board for such final, interim or other Orders, accounting orders and deferral and variance accounts as may be necessary in relation to:

- i. the application of the Adjustment Formula for the year commencing January 1, 2011; and
 - ii. the continuation of deferral and variance accounts for 2011 and the determination of all other issues that bear upon the Board's approval or fixing of just and reasonable rates for the sale, distribution, transmission and storage of gas by Enbridge for the year commencing January 1, 2011.
- 5. Enbridge further applies to the Board pursuant to the provisions of the Act and the Board's Rules of Practice and Procedure for such final, interim or other Orders and directions as may be appropriate in relation to the Application and the proper conduct of this proceeding.
- 6. As a result of this Application, average rate increases will be approximately 1.0% or less for all customer classes on a T-service basis (that is, excluding commodity costs). For residential customers, the average T-service increase will be approximately 1.0% or about \$6 annually. As required by the Settlement Agreement, Enbridge's filing in support of the Application will include detailed evidence explaining the rate changes.
- 7. In its Decision and Order in Phase 2 of Enbridge's 2009 Rate Adjustment Application (EB-2008-0219), the Board approved a timeline for Enbridge's rate adjustment process to allow for rates to be in place on January 1st of the year of the rate adjustment. The timeline calls for Enbridge to file its Application by September 1st of the year preceding the year of the rate adjustment, the Board to issue its Notice of Application shortly thereafter, and Enbridge to file its supporting evidence by October 1st.

8. The evidence in support of this Application will be filed by October 1, 2010.
Enbridge respectfully requests that the Board establish a process for this Application that is consistent with the timeline approved in the Decision and Order in Phase 2 of EB-2008-0219.
9. Enbridge requests that a copy of every document filed with the Board in this proceeding be served on the Applicant and the Applicant's counsel, as follows:
